Term 3, Week 8

Monday 9th September 2019

Dear Parents/Carers,

You will no doubt have seen the new signage around our school that reflect our school values. These values reflect a change in the way we are working with students around their behaviour. While there is a need to reprimand and provide students with consequences for behaviour that is hurtful and dangerous, it is also equally important to teach children what acceptable behaviour looks like. After all, we don't know, what we don't know. Our values are ones that are no doubt shared by our community, those **of Respect, Responsibility and Resilience**.

Over the last two terms we have been introducing these words to all students at our school and discussing what each of the values might look like in their everyday lives. Our next step along the way is to introduce to students and families our Behaviour Matrix. This outlines specifically what it looks like to be respectful, responsible and resilient in each of the different environments in our school (for example the classroom, playground etc.) We will begin this week by introducing the general rules of respectful, responsible and resilient behaviour across the general school environment. Posters have been created and lessons will be taught to all students around what their behaviour should look like within our school. I am sure that this is very similar to what you expect at home and so I ask that you continue the discussions with your children when they get home. If we are clear in what we expect then it is easier for children to behave in a socially acceptable way. So many of you are so great at working with us on the important issues – this is the next issue we are tackling.

I would especially like to thank Mrs Jacki Beale for all of the amazing work she has done, and continues to do around our school values project. Mrs Beale does this on top of her teaching load and has done such an amazing job that her work is being used as an exemplar in other schools. We are committed to make each student an informed and socially adept citizen of our community. Thank you for working with us on this.

Also on this note, overnight and offsite excursions come with issues around behaviour and safety for all involved. For

this reason I added to the bottom of the notes that I reserve the right to not allow students on excursions if I deem their behaviour to be of too greater risk. For clarity, this line means that any child who has had a suspension since the beginning of Term 3 will not be allowed to attend the major excursions for Stage 2 & 3 at the end of the year. Students who have received Levels will be assessed on a case by case basis. I will contact parents if their child is no longer eligible for an excursion and any fees paid will be fully refunded. If you have questions please make a time and I am happy to chat.

Finally, I would like to thank Mrs Ryan for her hard work around preparing the Premier's Spelling Bee students for this week's competition in Blayney. We wish them all the best in their endeavours and know that they will make us proud.

Enjoy your week!

Regards,

Catherine Briggs
